THE READING LAMP

designed by Benedikt Bolza

Code: FUR-LIG-0010

Handmade in Italy

A wall-mounted reading lamp with a flexible natural brass tube and toggle switch. Both the head and base are burnished, and the warm LED light is highly directional. The tube is easy to shape and can be bent to suit any reading.

“This sturdy yet flexible tube can be base mounted at a low level, completely out of sight. The warm LED lamp enables directional light for reading into the early hours”

↳ Benedikt Bolza
